Annual Inspirational Award

Kersten Grant

From her first day here at Viewpoint, Kersten started volunteering. She organized round robin, she jumped into coaching a team, and helps with drills on her own team where she is a team captain. Kersten is a true team player, getting to know all her team mates, ready to encourage, inspire and include everyone. She shows up for court cleanings, is on the nominating committee and was on the "Save Court 10 Committee". She is a great example of someone willing to help and share her gifts with the team and our club.
